Please be certain that you and your family are willing to make a lifetime commitment to this pet. This animal has been rescued and we would like to assure that it will be safe, loved, and properly cared for and provided with the appropriate vet care and be a welcome member of your family.

Animals are required to be spayed or neutered at the appropriate age (6 months old) and proof be sent to us promptly. A refundable deposit of \$75 may also be required per a new Delaware law. Please ask us for details or to see if this applies to your adoption. We do offer low cost spay/neuter.

A \$50 per kitten or cat / \$75 for two kittens adoption fee is required. As all expenses are paid for by the rescue person, donations are always appreciated so that we may continue to help other animals.

Thank you very much for considering our rescued animals!
